Service Provider ID 1-199713550 **Certificate Number** CRT1-680297309

Registered Manager: Dr Nicola Ann Bates of the above address

Description of Practice

Porter Brook Medical Centre is a Personal Medical Services (PMS) Practice providing Primary care services for the diagnosis and prevention of disease. We help patients to manage their health and prevent illness. Our clinical team assess, diagnose, treat and manage illness.

The practice has a current list size of over 29,000 registered patients. Our list consists of a high percentage of students from the Sheffield Hallam University together with a local patient base in the areas of Sharrow, Broomhall and Nether Edge.

We are a training practice with two GP trainers. We have three or four GP registrars in post at any one time. Teaching of undergraduate medical students and student nurses is also undertaken.

Legal Status

Porter Brook Medical Centre is a Partnership of 8 partners:

Our Aims and Objectives

The prime purpose of the practice of Porter Brook Medical Centre is to provide a high quality, accessible service to the registered patients, both students and people from the local population. We aim to achieve this by developing an environment which is responsive to people's needs and expectations and which reflects whenever possible the latest advances in Primary Health Care

To achieve this we aim to:

- Seek to provide a welcoming environment in which patients and staff feel respected and valued
- Treat all patients and staff with dignity, respect and honesty
- Deliver services that are responsive to the needs of our patients and our commissioners
- Improve Clinical Governance and Evidence Based Practice
- Regularly review and improve the services provided to ensure that these are relevant to patient's needs
- Act with integrity and complete confidentiality
- Ensure safe and effective services and environment
- Through monitoring and auditing continue to improve our healthcare services
- Ensure effective and robust information governance systems
- Recruit, retain and develop a highly motivated and appropriately skilled workforce
- Guide our employees in accordance with diversity and equality
- Provide staff with the opportunity to develop in a supportive environment
- Participate in the local General Practice

We will seek to deliver our services efficiently and effectively within the financial and political constraints of the NHS.

In addition the practice is committed to providing high quality education at undergraduate and postgraduate level and to developing mutually supportive relationships with the wider health service community and Sheffield Hallam University.

We will seek to pursue the growth and development of the practice in the context of these core values.

Registered Activities

The registered activities and service types have been agreed by the partners and practice manager in accordance with CQC guidance.

The regulated activities under CQC are:

- Treatment of disease, disorder or injury
- Surgical procedures
- Diagnostic and screening procedures
- Maternity and midwifery services
- Family planning services

In addition to the regulated activities we also provide any Locally Commissioned Services (LCS), National Directed Enhanced Services or their equivalent, which may be commissioned from the practice by a Clinical Commissioning Group, Local Authority or NHS England

Locations and The range of Service Users:
